

## **Ireka lands subcontract LOI**

**IREKA Corp Bhd's unit Ireka Engineering & Construction Sdn Bhd has landed a letter of intent from Transmission Technology Sdn Bhd for sub-contract works on a proposed office and hotel project in Kuala Lumpur. In a filing to Bursa Malaysia yesterday, Ireka said the sub-contract works involved earthworks, pilecaps and raft foundation, and structural works for a two-level basement and 12-level podium up to and including the level eight slab of the development. It said further details would be announced upon the receipt of letter of award from the Transmission Technology.**
