

Ireka wins contract

IREKA Corp Bhd's wholly-owned subsidiary, Ireka Engineering and Construction Vietnam Co Ltd, has won a RM27.58 million contract from Hoa Lam-Shangri-La Healthcare LLC for the structural works package at a general hospital in Ho Chi Minh City. This will bring Ireka's current order book to about RM800 million, of which about RM430 million remains outstanding. "This is a significant milestone for the group as it marks Ireka's maiden construction foray into Vietnam. Ireka has built on its experience in infrastructure, building and civil engineering works, and is now ready to export its skills and know-how to Vietnam," Ireka group managing director Lai Siew Wah said.
